STRATEGIC PLAN
2022 – 2026

St Bernard's Acknowledgement of Country

In recognition of Aboriginal and Torres Strait Islander people's spiritual and cultural connection to country, we acknowledge the Wurundjeri people of the Kulin nation who are the traditional custodians of the land on which our College sits.

We recognize the continued care of the lands and waterway passed from generation to generation, wisdom that is shared, and life that is celebrated in harmony with the natural environment

We pay our respects to their elders past present and emerging

In a spirit of humility and reconciliation we commit ourselves again to listening to the ancient wisdom that resides in the dreaming of Australia's First Nations people, so that we may learn to live in harmony with one another, and with the earth that is our common home.

St. Bernard's College

On 20 August 1940, the feast of St Bernard of Clairvaux, 224 boys from Years 7 to 11 carried their desks from St Monica's across the park to a new school on The Strand in Moonee Ponds. Under the leadership of Brother J. K. Creagan, St Bernard's College was born. In 1963, classes commenced on the current campus in West Essendon in the Tobin Building. Soon after, the Brothers' residence was added and the site has been steadily developed to include innovative teaching spaces, the 370 seat Frank FitzGerald Auditorium, a creative Arts and Technology Centre, the O'Brien Sports Centre, a Swimming Pool and most recently the Marian Chapel and Staff Centre. As part of their journey through St Bernard's College our students experience a rich differentiated curriculum at the pivotal Year 9 stage. Soon to be situated at the recently acquired Resurrection House Campus site, our Year 9 students also attend the Santa Monica Outdoor Education Camp situated west of Airies Inlet on the Great Ocean Road and our Urban Experience centre in Melbourne's CBD. A senior studies building (Year 11 & Year 12) is soon to follow in 2023.

Students at St Bernard's are expected to be personally enthusiastic about involving themselves in the broad spectrum of educational opportunities offered by the school. This applies especially to an informed and active appreciation of their Faith as an integral and essential part of a holistic education. There is no selective academic entrance exam. The school motto *Discere et Agere* — To Learn and To Do - underpins a strong drive for all students to achieve their personal best in whatever pathway is most suited to their interests and capabilities. Most students choose a VCE pathway to university, but a significant number also enroll in VET, vocational major and the SBC Baccalaureate courses in Years 11 and 12.

As we progress through the next Chapter of our proud history as a College, inspired by the Charism of the Blessed Edmund Rice, we present the Strategic Plan 2022-2026. Informed by our history and those who came before us and with a very clear vision of what we will need to do for our students, we commit ourselves to this plan so that each student may take their place as men for others in their lives beyond SBC.

Today, our 200 staff offer a wide range of formal classes, and a comprehensive informal co-curricular program, to over 1600 young men from Year 7 through to Year 12.

The approach for prioritising the key challenges

We used a futures-radar model to identify and reflect on current trends using a wide range of literature, experiences and our own expertise. The thinking was focused on 7 key domains that featured prominently throughout the various reports. These are listed below:

1. Health & Wellbeing
2. Child Safe Guarding
3. Socio-cultural Change
4. COVID Impacts
5. Economics & Climate Change
6. The future of work and education
7. Scientific & Technological Developments

Major challenges were then prioritized into those of highest relevance and impact for the future of St Bernard's College.

Key Challenges as Strategic Focus Areas

How might we provide for and shape active, discerning, bold & **ethical lifelong learners**?

How might we create **proactive, global citizens** who are active in social conscience and custodians of the environment?

How might we **foster social and emotional wellbeing** to ensure a caring workplace and place of learning?

How might we develop **responsible community members** with positive, respectful relationships?

How might we improve operational excellence to ensure **gold star stewardship** and administration of the College?
